## **LANDRY'S RESTAURANTS, INC. OPENS FIRST YAK & YETI RESTAURANT IN DISNEY'S ANIMAL KINGDOM® IN ORLANDO, FL**

ORLANDO, FL – Landry's Restaurants, Inc. (NYSE: LNY), one of the nation's largest casual dining, entertainment and hospitality companies, announces the opening of the first location of restaurant concept Yak & Yeti at Disney's Animal Kingdom® on November 14, 2007 at 775 Werikhe Way in Lake Buena Vista. Yak & Yeti is the only non-Disney operated restaurant located inside Disney's Animal Kingdom® Theme Park.

Yak & Yeti is a family-friendly, Asian-inspired eatery designed to whisk diners away to a rural and mysterious village called Anandapur located at the base of Mt. Everest in the western Himalayan foothills of India and Nepal.

"Yak & Yeti is a destination for great food and good-spirited family fun catering to visitors of all ages," said Tilman Fertitta, Chairman, President and CEO of Landry's. "This dynamic concept is a welcome addition to Landry's diverse portfolio."

This unique Asian-fusion restaurant and quick-service market will offer weary travelers full-service table dining, as well as quick-service food, a beer garden and a full-service bar. Up to 250 guests can be seated inside for table-service dining, and 350 guests can be seated outside in the quick-service courtyard.

Upon arrival, guests will enjoy detailed Asian décor reminiscent of an Indian village or 'kampong' where community and family interaction is centered. Mysterious delights will unfold as visitors explore the exciting village of Anandapur, and make their way through the artifacts and furniture in the fictional 'Guest House' open to travelers, pilgrims and thrill-seekers.

"The sights, sounds and energy of this novel dining destination will transport guests to another culture," said Marty Sherman, General Manager. "The moment diners arrive at Yak & Yeti, they will feel like they've stepped into an authentic Himalayan village."

The concept will feature Yak & Yeti Restaurant, local food cafes, Quality Beverages for thirsty backpackers, the Terrace Baga communal gathering spot, and Bhaktapur Market, an exciting retail component designed to mimic a bustling Southeast Asian marketplace, which will feature exotic Pan-Asian goods ranging from chopsticks to saris for explorers of all ages.

The adventurous menu showcases a mouth-watering assortment of Asian-inspired appetizers, soups & salads, noodles, sides, desserts and wok-prepared delicacies. Highlights include delicious dishes ranging from old favorites like tangy *sweet & sour pork* to new fusion delights like *crispy mahi*, not to mention the decadent *fried wontons* dessert featuring skewers of fresh pineapple and cream cheese wontons served over vanilla ice cream with a honey vanilla drizzle.

Schussler Creative, Inc. is a minority venture partner in Yak & Yeti.

Yak & Yeti opens daily at 10 a.m. and closes in accordance to Disney's Animal Kingdom® park hours. Please call (407) 824-9384 (YETI).
