The Nation's Premier Book Review Journal, *Kirkus Reviews*, Proclaims *It's a Jungle in There* by Steven Schussler "A Bright Pep Talk for Aspiring Entrepreneurs"

MINNEAPOLIS, MINN., August 25, 2010 – It's a challenge to stand out from the crowd, much less to garner an outstanding review from the nation's premier book review journal, *Kirkus Reviews*. **["It's a Jungle in There – Inspiring Lessons, Hard-Won Insights, and Other Acts of Entrepreneurial Daring"](#)** published by Sterling, a subsidiary of Barnes and Noble, endorsed by Donald Trump, Lee Iacocca, Dr. Stephen Covey, Harvey Mackay, Songwriter Peter Yarrow (Peter, Paul & Mary), Comedian Louie Anderson and many others. The book was written by first-time author [Steven Schussler](#) (the creative genius who founded the hit chain of theme restaurants, [Rainforest Cafe](#)) to inspire entrepreneurs, managers, students and anyone with a dream (www.itsajungleintherebook.com).

Schussler shares his strategies to help readers become winners in business and in life by pinpointing the "Five P's" of entrepreneurial success – Personality, Product, Persistence, People, and Philanthropy. Schussler is self taught and street smart – without a college degree, he created a company twice named by *Fortune Magazine* as one of the top 100 fastest growing companies in America. His brainchild, Rainforest Cafe, holds the record as one of the top-grossing restaurant chains in the world and was the first restaurant concept to be featured at every Disney theme park worldwide. Step by step, Schussler provides the tools and insights in **["It's a Jungle in There"](#)** to help entrepreneurs jumpstart their creative thinking and teaches them how to turn their ideas into reality.

The chapters are short, snappy and easy-to-read. Woven throughout **["It's a Jungle in There"](#)** are personal stories and hard-earned business lessons that illustrate how anyone can take their dreams and achieve success through creativity and persistence. In the 1980's when Schussler couldn't convince anyone to invest in his vision of the tropical rainforest-themed restaurant, he transformed his suburban home into a rainforest setting, complete with live exotic birds, mists and cascading waterfalls to persuade potential investors. This is just one of many humorous and insightful stories he shares about creativity, passion and ambition. The book provides critical self-examination questions to assess the reader's chances for achieving entrepreneurial success.
